

Interplay Theatre present **Precious Bane** Adapted by Jonathan Davidson

Technical Requirements

- Space to house one dome measuring 7.5m x 4.75m including at least 1.2 metre between outer dome wall and room walls and a height of 3.1 metres. Please note new dome structure (non-inflatable).
- A minimum of 4 x thirteen amp power points, which are in easy reach of the dome
- Two extension leads
- Wheelchair access to performance space and disabled toilet at all times
- The performance takes place within the dome and has a seating capacity for 20 audience members, dependent on the number of wheelchair users in the audience
